

QUICKSILVER COUNTY PARK NEWS

Newsletter of the New Almaden Quicksilver County Park Association

SUMMER 2016

ISSUE 121

PRESIDENT'S MESSAGE

The Pathway at the Casa Grande is completed and we are planning on the dedication of this latest project to take place during Pioneer Day on October 8, 2016.

This is a nice addition to the front entrance to the Casa Grande and gives the visitors to the Museum a chance to walk onto Almaden Rd. and follow our new brochure map on a journey through the Historic Town of new Almaden.

So, our next project, is to restore the water tank at the Casa Grande. The tank on top of the tower was removed in 1981 and the building looks a little shabby. We will try to have it look like it was in 1950. Calero Park Senior Maintenance Staff, Link Schallenberger, will be helping us with the tank.

New interpretive signs for significant sites in Almaden Quicksilver County Park have been reprinted, and thanks to Julie Lee the Supervisor at Casa Grande, we will help replace them in the Park. The original Signs have really faded away.

The Museum is constantly active with visitors, large group reservations and staff working on renewing displays. The forty Docents do a terrific job.

Have a great summer, see you on the Pathway!
